EXPERIENCE

QUALITY MANAGEMENT

King Fahd Hospital of the University

29 June 2025 - 17 July 2025

- Developed an interactive dashboard to track Operating Room Key Performance Indicators (KPIs).
- Conducted quarterly KPI analyses to support the hospital's data-driven decisions.

QUALITY MANAGEMENT

Imam Abdulrahman Bin Faisal Hospital

20 April 2025 - 26 June 2025

- Monitored Facility Management and Safety daily for CBAHI compliance and helped in developing an improvement plan.
- Aligned CBAHI, JCI, and Saudi Patient Safety Standards with hospital policies to create a comprehensive action plan.

BENEFICAIRY EXPERIENCE

Eastern Health Cluster

21 July 2024 - 17 October 2024

- Mapped patient journeys at primary healthcare centers with visual process representations.
- Designed and implemented surveys aligned with Saudi Standards for Human-Centered Healthcare, facilitating a workshop to review findings with beneficiary experience directors.
