PROFESSIONAL EXPERIENCE

ITEA International Ltd. - Riyadh,
Project Manager (Sep 2022 - Present)

Major Projects Portfolio – Telecom, Electric & Communication Infrastructure

Delivered multi-million SAR projects in aviation, government, and utility sectors; managed budgets exceeding **SAR 31M**, infrastructure over **15 km**, and high-security, mission-critical deployments.

1. GACA Communication Deployment – King Khalid International Airport (KKIA)

Duration: 6+ months | *Budget:* ~SAR 6M | *Scope:* ~15 km OSP Fiber Optic Network

- Managed **OSP fiber optic installation** (15 km) including trenching and **Horizontal Directional Drilling (HDD)** in airside/landside zones.
- Directed **stakeholder coordination** with airport operations, utilities, and contractors to secure permits and ensure safety compliance.
- Oversaw **project planning, procurement, contractor supervision**, and quality assurance to meet aviation telecom standards.
- Delivered on time and within budget with complete **as-built documentation** and testing.

2. Telecom Infrastructure for Key Government Entities

Duration: 6+ months | *Budget:* SAR 10M+ | *Scope:* Multi-site, high-security projects

- Led **OSP infrastructure** deployment for the **Royal Court, Ministry of Defense, and Ministry of Interior**.
- Managed **fiber optic networks**, duct banks, and structured cabling in secure facilities.
- Coordinated across **multi-agency stakeholders** to meet stringent security protocols.
- Delivered compliant, fully commissioned systems on schedule and within budget.

3. Saudi Electricity Company (SEC) Infrastructure Rollout

Duration: 1 year | *Budget:* ~SAR 15M | *Scope:* Utility electric & network infrastructure

- Directed **electric cables, substation and network infrastructure rollout** to support SEC's smart grid and operational systems.
- Oversaw civil works, installation, and integration to enhance service reliability.
- Managed vendor performance, procurement, and cross-regional coordination.
- Completed project to SEC specifications, improving network capacity and operational efficiency.

- **Ensured timely project execution within budget and high-quality standards.**

- **Specialized in site management, safety compliance, and customer satisfaction.**
